

# PRODUCT DATA SHEET

REGION  
EAST COAST

SERIES  
STEPLOCK®

STYLE  
**SHELLOCK® OCEANIA**

A sprinkle of the ocean in a subtle textured paver.

The light use of seashells showcases the beauty of nature in a minimalist and contemporary paver. Light colors, beveled edges, slightly polished surface, it all makes for a very comfortable pavers to walk on barefoot.

The Shellock® Oceania collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

Adjacent	12x12, 16x16
Precut one sided	4x8, 4x12
Precut two sided	4x12, 4x16

## NOTES

- The Shellock® Oceania collection has natural shells embedded at different distances from the surface of the paver or coping, and then polished. Therefore, a small percentage of the shells are expected to come loose from the surface and edges of the tile. This occurrence will diminish over a short span of time and in no way will effect the strength of the products.
- Pavers should be installed from several pallets at a time to maintain the best color consistency.
- Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.
- The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.
